Assistant Principal

Dear PS 26 Families:

Here in the science lab, we will soon be incorporating more building and engineering type tasks and projects and I am asking for your help. These types of projects require a lot of different materials and supplies in order to be successful. At this time, I am asking for any and all of your household recyclables including but not limited to things like toilet paper rolls, paper towel rolls, empty tissue boxes, kid- friendly magazines, cardboard, cereal boxes, egg cartons, packing peanuts, newspapers, empty ribbon rolls, fabric clippings, twist ties, paper or plastic cups, chopsticks, soda bottles, empty tape rolls and any other materials that you might think would be appropriate for engineering/building challenges. Please make sure the items you send in are clean and dry.

Thank you very much for your continued support.

Ms. Wilson
Super Science Teacher
